About the product

Immerse yourself in our Crime Dinner, where suspense and enjoyment are perfectly combined.

During an exclusive dinner at a restaurant of your choice, a gripping criminal story unfolds, in which participants at each table work together to solve a murder case and fill out a police report. Our murder mystery dinner blends theater, improvisation, puzzles, various props and surprising plot twists – an ideal combination of entertainment and excitement.

Accompanied by professional actors and a show manager, the acts are performed between courses. The team that solves the case first is celebrated as the winner and awarded medals.

This event is suitable for a variety of occasions and can be held throughout Switzerland in restaurants, venues, or a location of your choice, either in German or English.

How it works:

The Myrder Mystery Dinner begins with a stylish aperitif, followed by a brief introduction to the exciting criminal story. The participants are partially involved in the plot through small puzzles and improvisations. During the multi-course meal, the story unfolds in several acts, which are performed between the courses. Each table receives clues and tasks that they can solve together in order to track down the culprit and reveal amystery that is happening just in front of the tables.

Goal: The main goal of the event is to unmask the culprit by enjoying the **captivating theater**, solving small **puzzles**, and deciphering **clues**. The interactions within the plot keep the participants on edge of excitement until the very end. The team that solves the case the fastest will be celebrated as the winner.

Location: The Crime Dinner can take place at a restaurant or another location of your choice anywhere in Switzerland. All we need for the event is a separate room for the actors and a suitable, fitting environment where the murder mystery story can come to life.

Requirements for the venue

1. Access

Event Venue: The event venue must be accessible 1.5 hours before the start of the event for preparations and 30 minutes after the event ends for breakdown. If this is not possible, we must discuss it in advance and find an acceptable solution before the contract is signed.

2. Location requirements

Exclusivity: The venue must either be reserved exclusively for the event (no other customers should be served in the same area), or a separate closed space must be available for the event.

Accessibility: The venue must be accessible by public transportation. Otherwise, we reserve the right to charge additional transport fees.

3. Space Requirements

Tables: We need to know the number of people per table in advance.

Sound: It is beneficial if an internal sound system is available that we can use for background music.

Light: Sufficient lighting is advantageous. If the available lighting is inadequate, we recommend using some spotlights and table lamps.

Event schedule: Depending on the catering model, we will create a schedule for the evening. This schedule must be confirmed by both the organiser and the venue at least 1 week before the event.

We require the floor plan and table arrangement at least 2 weeks before the event via email for confirmation. For this purpose, we can directly contact the venue to clarify all technical and organizational questions.

4. Technical Room

We require access to a separate room (this can be a staff or technical room) for packaging materials, storing props, and for breaks and costume changes for our team.

A minimum of one 6-person table must be placed in this room, and meals for our crew must be served there.

5. Contact Person

We need a designated contact person on-site who is responsible for the event and present on the day of the event.

Do you need help finding a venue for the event? No problem, we'll take care of it!

We understand that every venue and event is unique. Our experienced team will review all necessary requirements individually, and in case of difficulties or uncertainties, we will discuss all alternatives and compromises.

Additional Services

In addition to the unique event and the positive emotions of the participants, you are welcome to incorporate small extras into our standard program. Since each show is led by professional actors and an experienced show manager, we have the opportunity to add additional elements of suspense to further enhance the overall experience.

Personalisation: Personalised information about your company will be incorporated within the murder mystery event. Humorous anecdotes or insider stories from the past, such as the last company party or the company mascot, will create unique moments and make the participants feel even more involved into the storyline. Former employees, long-term employees, special clients or the top management can also be charmingly woven into the story.

Corporate Branding: All printed materials and medals can be customized with your company logo or branding. This includes a personalized welcome card in the style of a movie ticket, all documents and instructions, and the prizes. This way, your event will not only be unique but will also reflect the identity of your company.

Participation Medals: Would you like all participants to receive medals as a keepsake of the event? We can create awards in various colors, shapes, and sizes, and these can also be engraved with your logo or a personal message.

Additional Services

Special Gifts and Decorations: Are you celebrating a special occasion and want to offer something unique to the participants? We can create employee gifts, arrange helium balloons, or organise special elements and decorations according to your wishes.

Surprise Guest: An actor discreetly mingles with the guests during the aperitif, initiating various interactions and building suspense for the upcoming event without the participants realizing what's really happening.
